YASAMAN FARSIAN

Front-End Engineer

Birthday:	19.Dec.1990
Mobile:	+47-96715675
E-mail:	yfarsiansani@gmail.com
Address:	Siriskjeret 18, Stavanger, Norway

ABOUT ME

Frontend Developer with 6+ years of experience building scalable web applications using React and TypeScript. Experienced in developing real-time and high-performance web applications for complex and data-intensive environments. Strong UI/UX-focused engineer capable of designing interfaces and implementing them into production-ready code. Skilled in performance optimization, testing, CI/CD, and Agile collaboration, with a focus on building intuitive, user-centered products.

SKILLS

- React.js
- TypeScript
- Angular
- REST APIs
- Python
- Unit Testing (Jest)
- Automation Testing (Playwright)
- Git, Github
- Npm
- Vite
- CI/CD
- Azure DevOps (familiar)
- Agile / Scrum
- UI/UX Design
- Figma

WORK EXPERIENCE

07.2022-Present **Sekal AS — Stavanger, Norway** **Front-end Developer & UI/UX Engineer**

Tech: React.js, TypeScript, REST APIs, Jest, Playwright, CI/CD, Agile, Figma

- Experience building real-time offshore oil & gas web applications for mission-critical operations
- Strong expertise in React.js, TypeScript, and scalable, high-performance frontend development
- Experience with automated front-end testing, including Jest (unit testing) and familiarity with testing best practices
- Knowledge of CI/CD pipelines, Agile/Scrum workflows, and modern delivery practices
- Experience integrating REST APIs to deliver real-time data and seamless user experiences
- Experience with UI/UX design in Figma and close collaboration with design, product, backend, and QA teams
- Strong focus on responsive design, usability, maintainability, and clean frontend architecture

11.2017-07.2021 **IT ASIA — Tehran, Iran** **Front-end Developer**

Tech: JavaScript, Angular, Php & Laravel, HTML, CSS, Wordpress, Adobe XD, Git

- Developed responsive web applications and e-commerce websites using JavaScript, Angular, HTML, and CSS, focusing on performance, user experience and SEO.
- Implemented modern UI designs from Adobe XD into responsive, cross-device interfaces.
- Collaborated closely with backend developers, integrating PHP/Laravel APIs and supporting database operations using SQL.
- Maintained and customized WordPress websites and managed code using Git.

08.2015 - 11.2017 **Manzoomeh Negaran — Tehran, Iran** **Frontend Developer**

Tech: jQuery, HTML, CSS, SQL, Basis Core Platform

- Designed and delivered 15+ high-quality websites, improving usability and performance.
- Built responsive, pixel-perfect UIs from Photoshop designs using HTML & CSS.
- Developed web solutions using Basis Core Platform for custom business needs.
- Created database-driven pages and worked with SQL-based systems.
- Wrote clean, reusable, standards-compliant frontend code.
